

ANNA-MARIE DUBYK

PROFESSIONAL COACH

PHILOSOPHY

Canadians skate! It could be for recreation, figure skating, ringette or hockey, and no matter the age. We should all have the opportunity to try, learn, have fun, and excel in a sport that is so much a part of my life. Given the gift to be able to teach, it is a privilege to be able to give a student a positive outlook, to be able to guide them and give them proper techniques for future success.
